Spotlight on Student Wellbeing

Aside from being our wonderful Deputy Principal Marie Gamwell also is our Leader in our efforts to promote and nurture the wellbeing and social and emotional learning (SEL) of the children at St Theresa's. Marie has initiated and implemented many proactive programs in this area such as Mindfulness, CASEA, BluEarth etc. One of the things that we also do in relation to SEL is that each year we survey all of the children about their views and attitudes to their own social and emotional wellbeing. The surveys are developed by the Australian Council for Educational Research (ACER) and are done on-line. ACER collates the student responses and then provides the school with the results. This provides us with valuable information about student attitudes and feeling about a whole range of things that affect them on a social and emotional level and allows us to proactively help them in their development in these aspects of their life. If you would like more information we will be conducting a community conversation about Student Wellbeing and Social & Emotional Learning later in the year.

Phys Ed at St Theresa's

The following students competed in the Western Metropolitan Division Cross Country Championships on Wednesday the 5th of June at Brimbank Park: Heath Lehane, Gemma Lehane, Apiath Adut Taylor Kain and Natalia Nguyen. These runners were incredibly competitive and pushed through despite the freezing morning and very tricky terrain to run through (lots of hills!) Everyone at St Theresa's is incredibly proud of their stamina and determination with completing this difficult run. Gemma, Apiath and Natalia all qualified to the next round of competition. Best of luck!
